

Operator 1

Reporting to the Operations Manager, our Operations Team is looking for a highly motivated initiative-taker capable of thinking on their feet. The ideal teammate would exhibit a strong mechanical ability, operate with a safety first and innovative mindset.

Qualifications:

- Grade 12 diploma with preference given to someone with relevant trade experience.
- Fourth class power engineering ticket considered an asset.
- Forklift experience is considered an asset.
- A valid Class 5 Driver's license.
- Experience in a safety sensitive industrial setting considered an asset.
- Strong mechanical aptitude.
- Good communication skills.
- Exceptional time management, planning, and prioritization skills.
- Basic working knowledge of Microsoft Excel, Word, and Outlook.
- Ability to manage competing priorities and adapt to a changing work environment.
- Ability to work both independently and in a team environment.

This position requires candidates to:

- Display a strong mechanical aptitude, and be able to identify equipment malfunctions, repair systems, and troubleshooting quality issues.
- Perform routine rounds, minor maintenance, and operate in dusty environments.
- Be able to work independently or in a team.
- Work 12-hour rotating shifts and be willing to work overtime when necessary.
- Operate in an industrial setting with a safety-sensitive mindset.
- Display good communication, exceptional time management, planning, and prioritization skills.
- Utilize Microsoft Excel, Word, and Outlook.
- Perform housekeeping and cleanup duties.
- Display safety for self, team, and protect the public as well as company/public property.

Those who satisfy the above requirements and are interested in applying for this position are invited to send their resume, quoting "**Operator 1**" to recruitment@cancarb.com, by January 30th, 2026.

Thank you for your interest. Only candidates considered for an interview will be contacted.
